

**Report to the Kentucky Library Association (KLA) Board  
Resource Sharing Round Table  
Annual Report 2010**

The Resource Sharing Round Table is scheduled to meet at the 2010 KLA Annual Conference on Friday, September 15, 2010. Nominees are still needed for the positions of chair, chair-elect and secretary.

Participation on the Round Table's Facebook group, "Access Services in Kentucky Libraries" remains active. The group is open and anyone interested in resource sharing is invited to join.

We are participating in gathering information for and editing "KYShares," a wiki geared toward helping Kentucky libraries find and use services, software and contacts for borrowing and lending materials through statewide circulation, interlibrary loan partners and statewide consortia. KYShares is located at <http://www.kyvl.org/resourcesharing/>.

Since the chair of the Round Table was invited to be a standing member of the Kentucky Virtual Library Resource Sharing Work Group, it is suggested that calls for membership and officers be expanded to include this group as well. It remains difficult to encourage participation among Round Table members, possibly because of the size of the group.

Respectfully submitted,

Jennifer A. Bartlett  
Chair, Resource Sharing Round Table, 2009-10
